I am 30 years old.I graduated in 4 years..I finihed Computer Eng.I studied dentistry at medipol university in 2010.I left in 2013.Because its ver difficult faculty for me.After Istared to study computer engineering at arel university.I started in 2017 and finihed 2021.grade point average 2.8

EXPERIENCE

Code And More
10.03.2021-15.06.2021

Süha Uzun

I did my internship Code And More company in 2018.I learn a lot of Bana there .but , I wanted to work new.because I thought that new companies add a lot to me .and I work as a backend developer.

E4 YAZILIM

I have made very friends wiht this However working hours were not suitable for me.I work as a backend developer.

EDUCATION

Arel Ünüverstesi
15.09.2017-15.06.2021

2,8

I leared a lot of at arel unuversty. I leared a lot of   in software.especially,Mvc Core and C#.Thanks you to all my teachers.
